

# Hobart

TPU | 312101

The Hobart is a 145mm men's elastic-sided, pull-on ankle safety boot.

## Upper Materials

Full-grain (Black and Winter Brown) or nubuck (Sand and Wheat) cowhide water-resistant leather upper with double stitching in nylon thread.

## Toe Cap

200J Steel Toe Cap

## Lining Materials

This boot is lined with Baltico®, a soft, non-abrasive, hydrophobic material that wicks perspiration away from the foot, keeping the skin cool and dry.

## Full Innersole

A full-length footbed is inserted into the footwear to provide additional support and comfort. This footbed is made from soft polyurethane, which will retain its shape and thickness throughout the life of the boot.

## Insole

Heavy-duty, flexible, antibacterial, non-woven insole.

## Midsole

Directly moulded polyurethane midsole for greater shock absorption.

## Outsole

Anti-Static Thermoplastic Polyurethane (TPU) Outsole for superior wear properties and heat resistant to 130°C.

## Trisole® Comfort Technology

The Steel Blue soling system is a patented three-density soling system that provides a high level of comfort, shock absorbency, and energy return. The system uses PORON® as energy-absorbing pads placed under the pressure points of the foot to deliver superior comfort and offers shock absorbency comparable to that of sports footwear.

## Safety Boot Features

Steel Toe Cap

TPU Outsole

Slip + Oil Resistant

Anti-Static

Water Resistant

Pull On

Premium Leather

## Colours Available

- Black
- Wheat
- Sand
- Winter Brown
